Automotodrom Brno is in the locality of Kývalka, 16km from downtown Brno and 2km from D1 highway Prague-Brno.

FROM PRAGUE

Follow signs to Brno taking you to the D1 (also known as E50/E65)

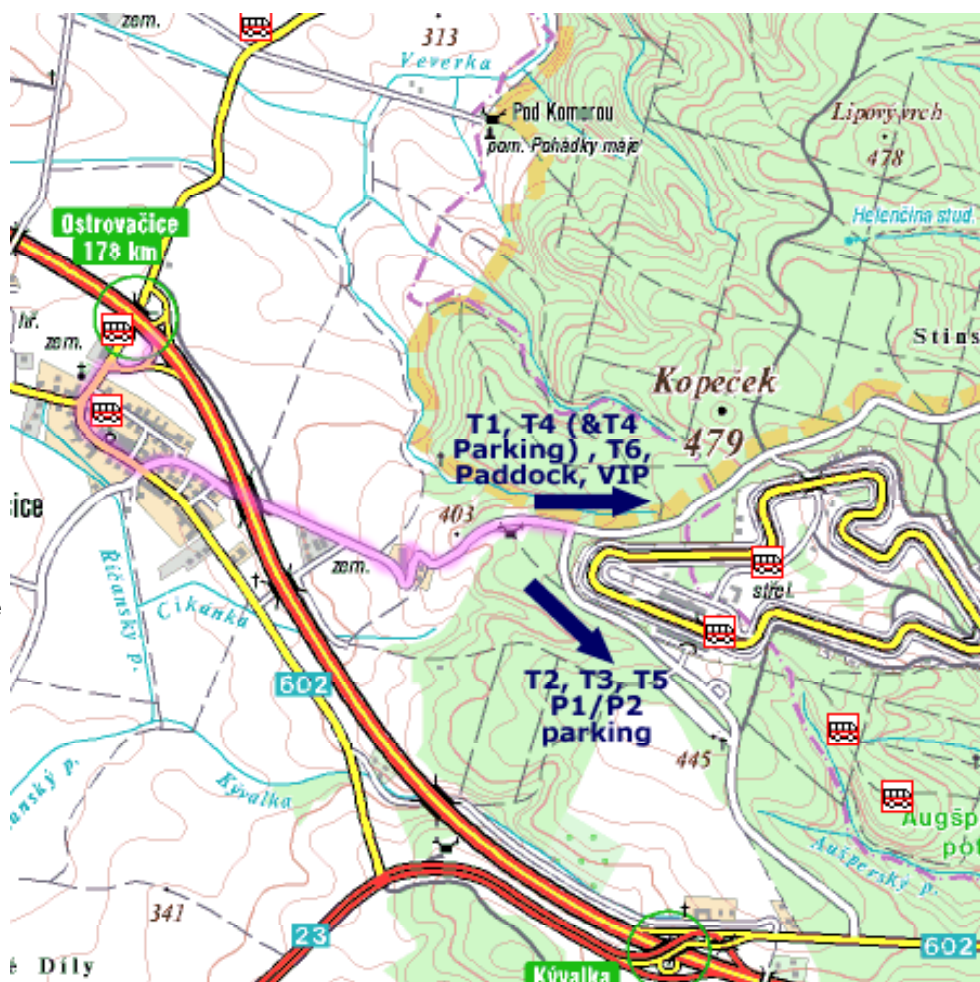

Take exit 178 - Rosice (which is at km 178 - you will see the kilometer signs in the central divide on the motorway) It is also marked 'Grand Prix' so hard to miss! The route from here is marked, however not always so clearly!

See the large scale map - go LEFT when you exit, follow the main road as it bends left & goes through the village; then take a LEFT signposted 'Grand Prix' (or "Masarykův okruh" or Paddock) going back under the motorway. BEWARE the road forks at one point, the right fork points to BRNO - DO NOT TAKE THIS! - bear left (not sign posted) and follow the road until you get to a junction. This is signposted, and during the GP there will be security guards. You turn left to get to T1, T4, T6, Paddock, VIP Village. See parking map.

FROM BRNO

The 'official' route is to take the D1 and exit 182, Kývalka. Then take a RIGHT onto the 602 (not marked :- (and then left towards the motodrom. However this can be a complicated exit, and our instructions are likely to be over-ridden by local traffic control on the day.

The 'secret' route however is to avoid the motorway altogether by taking the 602 from Brno. This saves the congestion at the motorway exit. You should purchase a map to follow this, or see on the web site referenced. You then turn right as above. Another variation is to turn right in the village of Veselka, left at fork, and go through village of Žebetin to park in P3.
